

Look to God for Healing

Today's Bible Story is from Numbers 21:4-9

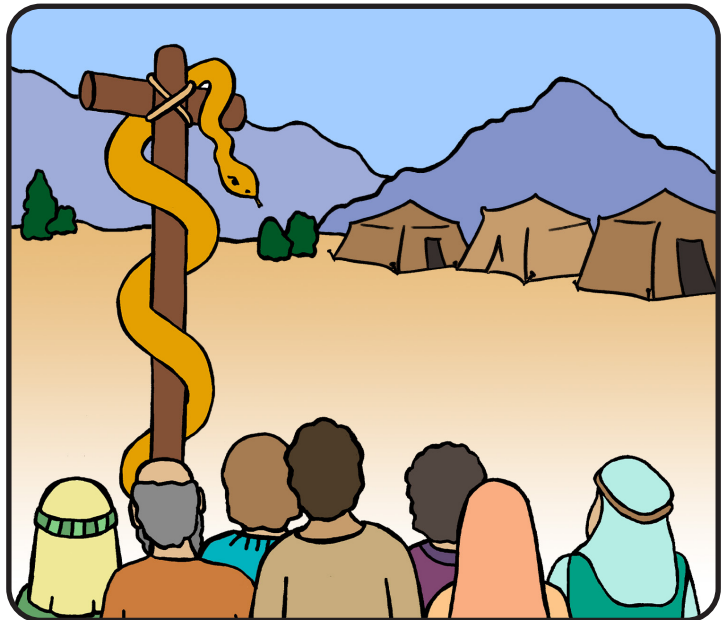

God's people were hot and tired. "Why did you bring us out here, Moses?" they said. "We want better food! This is the worst!"

Many slimy snakes slid into their camp. The people were afraid. "We are sorry!" they said. "Please ask God to take away these snakes!"

God told Moses, "Tell those who are bitten by a snake to look at the bronze snake on the pole. Then they will be healed."

The snake on the pole reminded the people of their sin. It also reminded them of how God forgave and healed them.

The people asked God to forgive them.
