

God Makes Things Happen

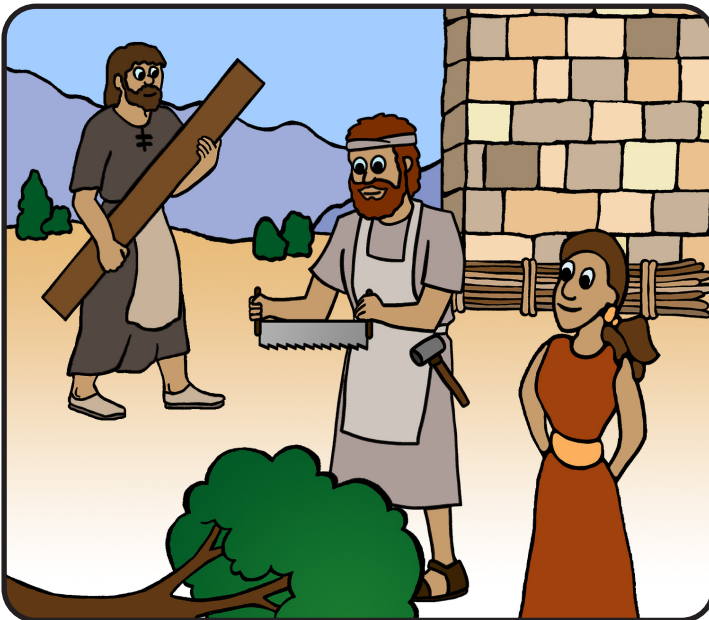

Today's Bible Story is from Ezra 3:1-13

After many years, King Cyrus let the Jews return to Jerusalem. Their first job was to build an altar so they could worship God.

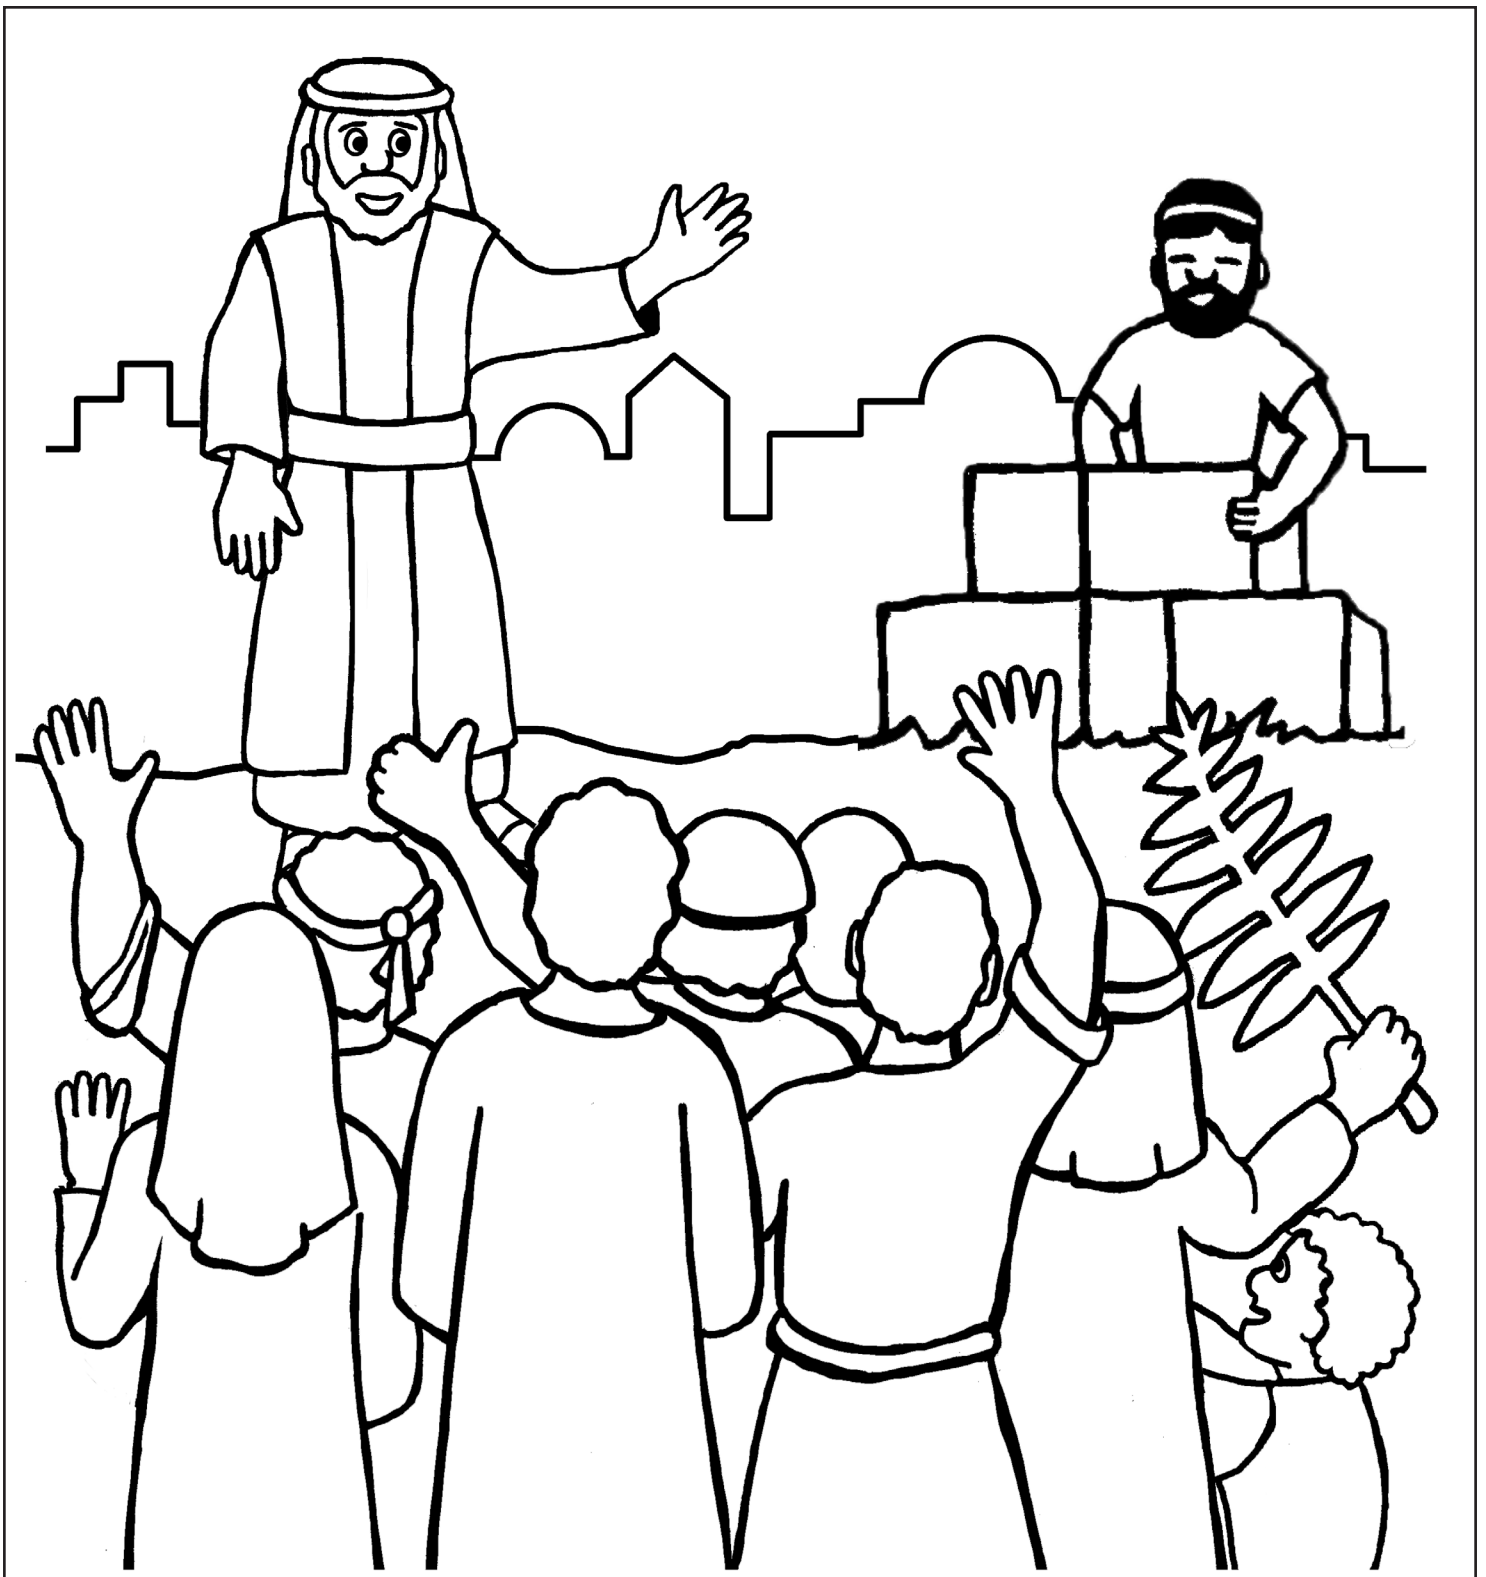

After the altar, they started to rebuild the rest of the temple, but some people were mad. They didn't want the temple rebuilt.

King Cyrus made sure they had everything they needed: tools, big trees, and many helpers. It was hard work.

When the bottom part was done, the people shouted with great joy! They played instruments and sang songs thanking God.

The people rebuilt God's temple.
